Using a Gizmo to introduce piecewise functions allows students to move from the graph to verbal descriptions to notation and back again, as they establish a deep understanding of the topic.

## **Using distance-time graphs to study piecewise functions (Algebra II)**

Distance-Time Graphs Summary: Time is increasing to the right, and distance is increasing constantly with time. The object moves at a constant speed. Constant speed is shown by straight lines on a graph. A steeper line indicates a larger distance moved in a given time. In other words, higher speed. Both lines are straight, so both speeds are ...
