Eggshell finish: An eggshell finish is often used for decorative finishes because it provides a low luster. It cleans up better than a flat finish, but probably not as well as you would want in a kitchen or bathroom. Satin finish: The most popular paint sheen is a satin finish. It has more sheen than eggshell or satin and cleans better too.

How to Choose an Interior Paint Finish - dummies

The most common and most natural relationship is Finish to Start (FS). Finish to Finish Relationship is not widely used. The Project Managers have some flexibility while defining the relationship between 2 activities. Usually it is possible for them to transform a FF Relationship to a FS Relationship.
